PROFILE

Name : Muhamad Raffi

Place of Birth : batam , 16 Novembver 1999

Religion : Islam

Status : Single

National : Indonesia

I am passionate about programming. I'm currently taking diploma level 4 at the state polytechnic of batam, I'm currently studying flutter and taking a data science training certificate. I once made a responsive web design project which was a basic learning project task from matkul web design.
